First of all, I want to say that I was flab-
ber shocked at the amount of people that
requested the chapter! The manga by
going out of the magazine e-magazine and
I don't realize so many people would read the
manga, let alone bother to read the epub
pages that people did, and I'm super glad
for that! Thank you so much!
And I hope you will continue
to show your support :D

Anyway, enjoy the chapter!
—Ore's super cut, it's always, lol :D
